IMPORTANT SAFEGUARDS

When using electrical appliances, basic safety precautions should always be followed to reduce the risk of fire, electric shock, and/or injury to persons, including the following:

1. Read all instructions.
2. This appliance is not intended for use by persons (including children) with reduced physical, sensory, or mental capabilities, or lack of experience and knowledge, unless they are closely supervised and instructed concerning use of the appliance by a person responsible for their safety.
3. Close supervision is necessary when any appliance is used by or near children. Children should be supervised to ensure that they do not play with the appliance.
4. To protect against risk of electrical shock, do not put motor housing, cord, or plug in water or other liquid.
5. Avoid contact with moving parts. Keep hands, hair, clothing, and utensils away from blades and out of container during operation to prevent the possibility of severe injury to persons and/or damage to the appliance. A scraper may be used but must be used only when the unit is not running.
6. The use of attachments not recommended or sold by the appliance manufacturer for use with this model may cause fire, electric shock, or injury.
7. When mixing liquids, especially hot liquids, use a tall container or make small quantities at a time to reduce spillage.
8. Blades are sharp; handle carefully.
9. Do not use over a stove or other heat source.
10. Do not use outdoors.
11. Do not let cord hang over edge of table or counter.
12. Do not let cord contact hot surfaces, including the stove.
13. Do not place appliance on or near a hot gas or electric burner, or in a heated oven.
14. Unplug from outlet when not in use, before putting on or taking off parts, and before cleaning.
15. Do not operate any appliance with a damaged supply cord, or after the appliance malfunctions, or is dropped or damaged in any manner. All repairs must be conducted by the manufacturer, its service agent, or similar qualified persons in order to avoid a hazard. Call our toll-free customer service number for information on examination, repair, or electrical or mechanical adjustment.
16. Be certain the cover is securely locked in place before operating appliance.

Other Consumer Safety Information

This product is intended for household use only.

This product is only intended for the preparation, cooking, and serving of foods. This product is not intended for use with any nonfood materials or products.

The length of the cord used on this appliance was selected to reduce the hazards of becoming tangled in or tripping over a longer cord. If a longer cord is necessary, an approved extension cord may be used. The electrical rating of the extension cord must be

equal to or greater than the rating of the appliance. Care must be taken to arrange the extension cord so that it will not drape over the countertop or tabletop where it can be pulled on by children or accidentally tripped over.

To avoid an electrical circuit overload, do not use another high-wattage appliance on the same circuit with this appliance.

Parts and Features

Lids can be used to cover mixing Cup and Chopper or place on bottom of each to protect a surface.

Helpful hints

- The hand blender is not designed for use over a heat source.
- This appliance is not intended to chop ice. Add ice to beverage after blending.
- To use the hand blender in a saucepan, be sure to remove the pan from the stove.
- To puree foods, liquid is needed. Add cooking liquid, broth, juice, milk, or cream until desired consistency is reached.
- For thorough blending, move hand blender up and down in mixture until smooth.
- To achieve best blending results and to reduce splattering (especially hot foods or liquids), use deep, tall containers.
- The plastic lid of the measuring jar may be flipped upside down and placed underneath the base of the cup or chopping bowl in order to provide a more stable surface while blending.
- Maximum operation duration is 30 seconds.

How to Install Wall Mount

Attach wall mount to wall using the included anchors and screws.

How to Use the Hand Blender/Whisk Attachment

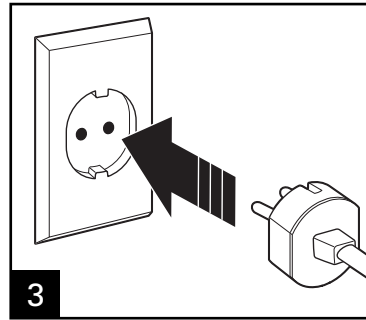

Set the variable speed level first and then press the ON/OFF PULSE button. Variable speed is for the ON/OFF PULSE button only. The TURBO PULSE button is not affected by the variable speed button.

⚠ WARNING Cut Hazard.

Always inspect attachments before each use. Do not use cracked, bent, or damaged attachments.

Do not use frozen ingredients.

NOTE: Do not immerse the motor unit past the top metal portion of each attachment.

NOTE: Do not use nonfood items in this hand blender. This product is not meant for soap making.
