

# ICE VOLUME CUSTOMIZATION SHEET

Drink mixes and recipes can vary significantly affecting product yield and drink profiles. Therefore, Hamilton Beach Commercial has provided the ability to select from pre-programmed blend profiles and ice programs to meet your specific needs.

## ICE VOLUME CUSTOMIZATION

1. To change from the Default Ice Volume Program settings, use the arrow keys (▲) or (▼) to scroll through the menu options until you reach the following menu item:

PRESS START  
TO CHANGE  
ICE PROGRAM

2. Press **START** to change ice volume program

3. Select **Drink Size** and **QTY** to change (e.g. A-1). Once the cycle has been selected, press the **START** key to confirm the selection.

12oz 14oz 16oz 20oz  
SELECT CYCLE  
TO CHANGE  
1DR 2DR 3DR 4DR

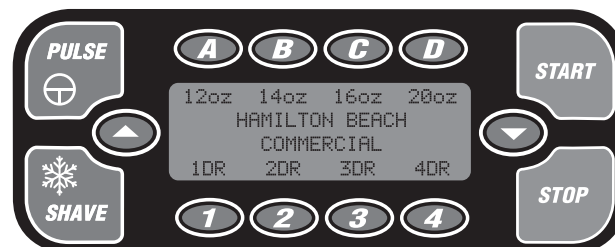

4. Use the (▲) or (▼) keys to scroll through the ice programs. There are 128 ice programs from which to select (I000 through I127). The amount of ice portioned increases incrementally as the program number is increased. (Example: Program I000 is the minimum amount of ice and Program I127 is the maximum amount of ice.)

12oz 14oz 16oz 20oz  
SELECT ICE PROGRAM  
XXXX  
1DR 2DR 3DR 4DR

5. Once the desired ice program has been reached, press the **START** key to confirm the selection. Once you have confirmed the selection, the machine will prompt you to select an additional cycle to change. You may select an additional cycle to change or press the stop key to quit. The **STOP** key can be depressed at any time to quit.

# BLEND TIME CUSTOMIZATION SHEET

Drink mixes and recipes can vary significantly affecting product yield and drink profiles. Therefore, Hamilton Beach Commercial has provided the ability to select from pre-programmed blend profiles and ice programs to meet your specific needs.

## BLEND TIME CUSTOMIZATION

1. To change from the default Blend Time Programs, use the arrow keys  or  to scroll through the menu options until you reach the following menu item:

PRESS START  
TO CHANGE  
BLEND PROFILE

2. Press **START** to change blend time profile.

3. Select **Drink Size** and **QTY** to change (e.g. A-1). Once the cycle has been selected, press the **START** key to confirm the selection.

12oz 14oz 16oz 20oz  
SELECT CYCLE  
TO CHANGE  
1DR 2DR 3DR 4DR

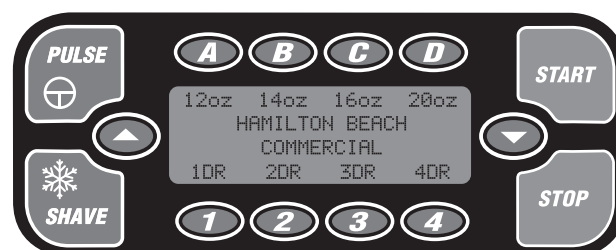

4. Use the  or  keys to scroll through the blend time programs. There are 32 blend profiles from which to select (R010 through R072). The total blend time increases incrementally as the profile number is increased. (Example: Program R010 is the minimum blend time and Program R072 is the maximum blend time.)

12oz 14oz 16oz 20oz  
SELECT BLEND PROFILE  
XXXX  
1DR 2DR 3DR 4DR

5. Once the desired blend profile has been reached, press the **START** key to confirm the selection. Once you have confirmed the selection, the machine will prompt you to select an additional cycle to change. You may select an additional cycle to change or press the stop key to quit. The **STOP** key can be depressed at any time to quit.
